Re: New Facilities and Administrative (F&A) Cost Rate Agreement

The University of North Carolina at Greensboro has recently concluded the negotiation of our facilities and administrative cost Rate Agreement with the federal government. Overall, the on-campus reimbursement rate for Facilities and Administrative Costs was increased from 39.5% to a new F&A Rate of **43.5%** effective July 1, 2010. It remains at 26% for off-campus externally funded activities. The higher on-campus F&A Rate will help recover more of the real costs UNCG is incurring to provide the facilities, infrastructure and support necessary for our growing research efforts.

The new on-campus F&A Rate is to be applied to proposals for external funding during this fiscal year and through FY13. The change in rates will not impact spending on any externally funded awards that were awarded at prior rates.

If you have any questions about this process, please do not hesitate to contact Lou Harrell at 334-5750 or Steve Rhew at 334-5806.
