

**Algorithmic Combinatorics on Words
REU Application
June 7 – July 31, 2010**

Please return this application form along with required supporting materials by **February 21, 2010**.

Supporting materials

1. Written description of all courses taken in mathematics and computer science. Include current courses as well as courses planned for the Fall of 2010. For each course, give a brief description and list the textbook used.
2. A personal statement of no more than 300 words outlining your interest in the REU program at the University of North Carolina Greensboro.
3. A second personal statement of no more than 300 words outlining your intended career objectives and education aspirations.
4. Unofficial copy of your academic transcript.
5. Two letters of recommendation.

Eligible applicants to the eight-week Algorithmic Combinatorics on Words REU are undergraduate students at the sophomore, junior, and senior levels. Senior applicants should not be Spring 2010 graduates.

If any additional space is needed for any section of the application form, please attach sheets as required.

Student participants will be selected based on merit after a nationwide recruitment from a broad range of colleges and universities. Underrepresented groups including minorities, women, and students with disabilities are encouraged to apply.
