

ERRATUM

The May 1985 issue of *JSHD* has an error on page 211 in the report by Alan G. Kamhi, René Friemoth Lee, and Lauren K. Nelson, "Word, Syllable, and Sound Awareness in Language-Disordered Children." The last sentence under the heading *Word Awareness*, "The difference between the language-disordered and MA-matched children was not significant at the .05 level (Mann Whitney $U = 89$, $p > .10$)," should read "The difference between the language-disordered and LA-matched children was not significant at the .05 level (Mann Whitney $U = 89$, $p > .10$)."
