

Holiday Inn Express Greensboro Airport is currently looking to fill two positions with bright, driven individuals who are looking to get started in the hotel industry. I thought you may have some students in mind who might be interested.

The first is a part-time front desk position. It will be mainly first shift (7am-3pm). I need someone approximately 3-5 days per week and I am looking to fill this one as soon as possible. Starting pay is \$7.75 but is based on experience as well as flexibility between shifts.

The second is a Spring Guest Services Internship. It requires rotation between departments but focuses on front desk, customer service, and guest relations. The internship is unpaid-- therefore the scheduling is very flexible.

Both are posted on UNCG's Career Services website, however, students in your department will have a significant advantage. Students may apply through CSC or may email their resume directly to me at tmarring2@gmail.com.

If there is a better way to express these opportunities, please let me know.

Thanks for all your help!
