

Greetings,

Kamp A-Kom-Plish is a great place to work!

Located in southern Maryland, just south of Washington DC, Kamp A-Kom-Plish is a fully inclusive overnight and day camp for children with and without disabilities. Kamp A-Kom-Plish offers several different programs, all of which offer fantastic opportunities for summer staff! Working at a summer camp is a valuable opportunity for students. Staff gain valuable experience working closely with their peers and the opportunity to work for a non-profit organization is an added bonus. Employers understand that working at a camp is hard work, requiring long hours. Camp working experience builds character and establishes a strong sense of work ethic. Resumes are stronger with experience at a summer camp!

At Kamp A-Kom-Plish, we pride ourselves on hiring the most qualified staff possible. This summer we are looking to hire a number of key positions and we encourage interested individuals to contact Kamp to see what is available. The positions available are ideal for a wide variety of college students. Whether a student is studying Therapeutic Recreation, Special Education, or Social Services, working at Kamp A-Kom-Plish can enhance an educational experience.

Working at a summer camp provides a unique experience because of the joys and challenges the summer brings. The inclusive nature of our program allows staff to learn about the importance of inclusion as a focus in special education and society. Staff have the opportunity to create and implement new and exciting programs for camp. Very few summer opportunities offer this kind of challenge.

We invite you to encourage students to apply for a position with Kamp A-Kom-Plish. More information about our program can be found at [www.kampakomplish.org](http://www.kampakomplish.org). Please direct interested individuals to contact Camp Director, Bryce Chitwood at 301.870.3226 or by email at [bchitwood@melwood.org](mailto:bchitwood@melwood.org).

All the best,

Bryce Chitwood  
Camp Director

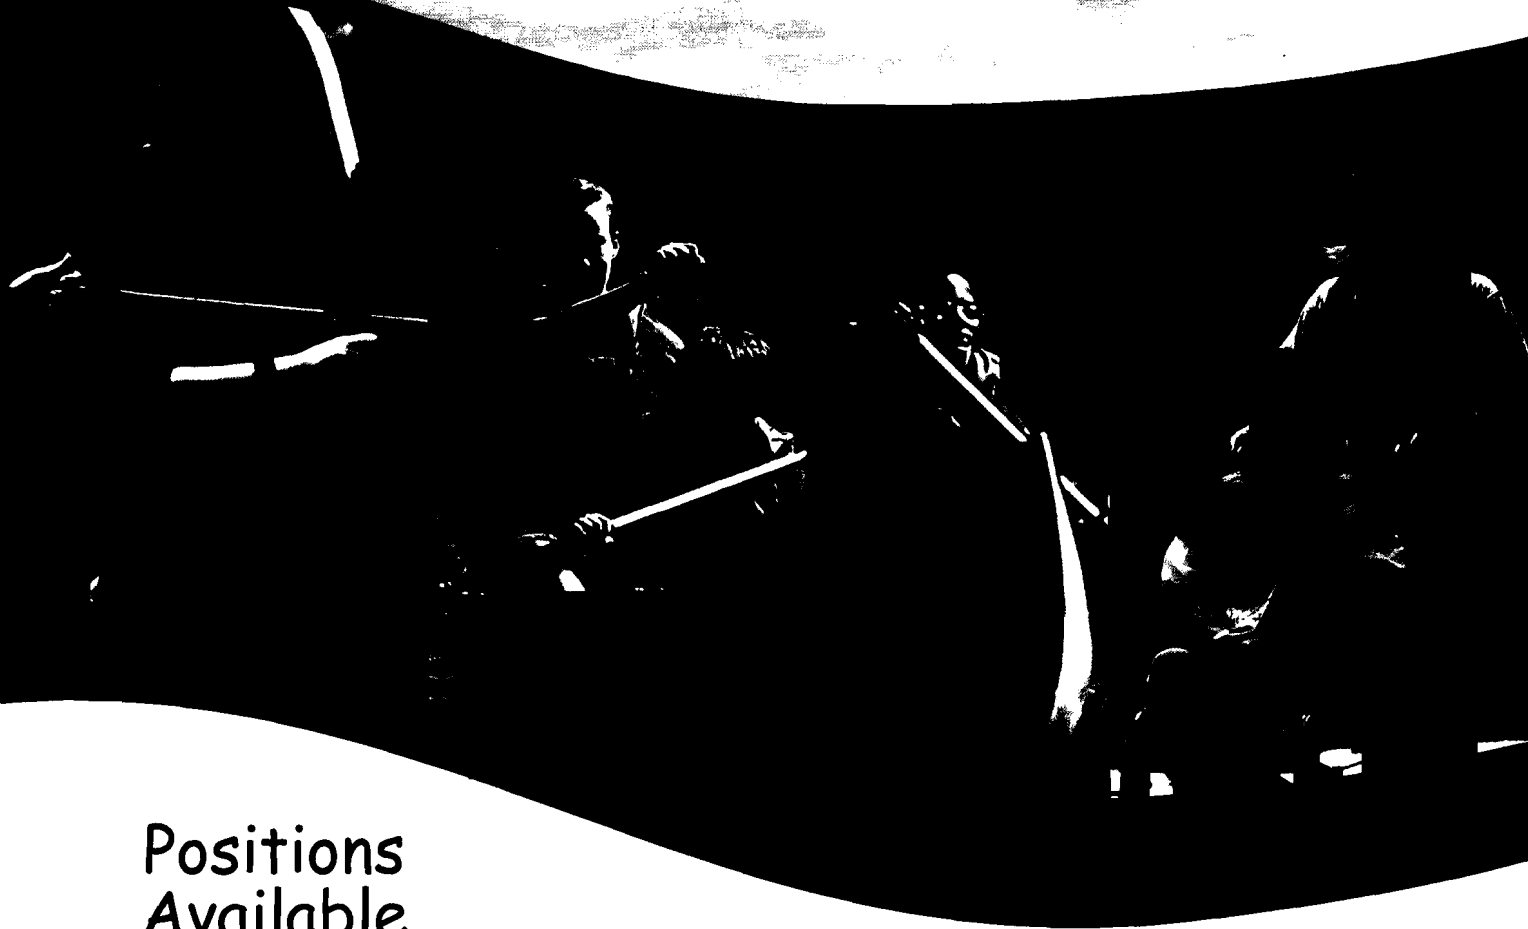

9035 Ironsides Road Nanjemoy, MD 20662
