

Peppertree Resort's Recreation Department in Atlantic Beach, NC will be hiring this spring for the summer months. We are a timeshare resort on the Crystal Coast of NC with 217 units that are generally booked solid through the summer. The demographic we serve varies from small children to older adults. This would potentially be a paid internship for the right candidate. Housing, food, and transportation is not provided, this would need to be taken care of by the individual. This is a part time position, working some nights and weekends. Position is open for Spring 2010. This position requires a positive, high energy, hard working, organized, and creative individual.

We offer a concierge/information center where guests will come looking for things to do in the area, where to shop and dine, what ferry services are the best etc. We also offer a craft center where guests can either come in at scheduled times to do crafts or during our open craft times. We help get the guests set up with their craft and help them make their way to the finished product.

Every Monday we offer a Welcome Meeting, this person would help talk to the guests about what is going on at the resort and around town for that week. This may include talking in front of a large group of people. Each week we offer a Pig Pickin' social event that the guests love. You would be involved in helping set up and strike the event as well as walking around and chatting with guests. You may be asked to call raffle numbers for this event and hand out prizes to the winners.

We offer a few fitness classes at the resort, Water Aerobics and Yoga! Yoga is offered twice a week and Water Aerobics is 5 days a week. You would be taught how to effectively and safely lead one or both of these classes.

Our biggest income producer in the summer months is through our Beach Rentals. We offer the guests beach chairs and umbrellas for a reasonable price. This person would be expected to help set up and take down beach chairs each day. This will involve carrying approx 20 pounds on the beach in hot humid weather.

This person would also learn the ins and outs of resort operations. We keep up with our own Budget in the Recreation Department, and run similar to a small business. We have daily meetings with other departments to keep each other up to date on what is going on around the entire resort. You will have the opportunity to work on the planning and implementation of programs and activities for our guests.

Interested candidates please send cover letter and resume to...
