

SE Sports & Entertainment, Inc. is an events driven company; we currently manage over 200 events annually. You can obtain additional information on SE Sports by visiting the website; www.se-sports.com. As you will see from the site we offer an entertainment based casino party package. You would recognize some of our local customers; Reynolds American, Pepsi, Bank of America, Sara Lee; just to name a few. These events are for entertainment only basically like playing Monopoly.

Earlier this year I bought an embroidery/screen printing business to compliment the marketing / branding side our SE Sports. This company is called SE Logo Wear, Inc. The website is under construction; www.selogowear.com.

Having said this I am currently interviewing students for Spring & Summer internships. Because of the size of my businesses the chosen students will gain extensive knowledge in the areas of event planning, execution & marketing. I am a firm believer in the internship process as it allowed me personally to make a decision on whether I was in the right field or not.

This will be a paid position.

Thanks,
Charlie N. Grubb
President
