

YMCA Trout Lodge and Camp Lakewood offers summer (and fall) internship programs that allow students the opportunity to integrate classroom learning with real world experience.

Students have the chance to explore each area of interest at our facility while concentrating on their main area of study. I hope you will share this opportunity with your students.

Located 75 miles outside of St. Louis Missouri, YMCA Trout Lodge and Camp Lakewood is a four-season vacation, recreation, outdoor education, team building and summer camp destination for over 40,000 visitors each year. As a branch of the YMCA of Greater St. Louis, we are privileged to focus on family recreation, outdoor education and corporate programs in a unique way. On-site activities include one of the largest adventure ropes courses in the Midwest, the Triangle Y Horse Ranch, boating, target sports, hiking, and many other outdoor and indoor activities.

We offer numerous internship opportunities in the fields of Recreation, Sport Management, Event Planning, Hospitality, and Nonprofit Administration. We can also work with you and your students to create specialized internship opportunities.

I would be very interested in discussing the internship requirements for your program and learning how Trout Lodge, Triangle Y Ranch and Camp Lakewood can become host sites for your students. Please feel free and encouraged to call me for additional information, post this correspondence, or have your students contact me directly.

Sincerely,

Jessica Adler Clay

Internship Coordinator

YMCA Trout Lodge and Camp Lakewood
