

Camp Weaver hires about 45 young men and women each summer to come in and run our summer camp program. The staff are hired from all over but most of them come from the Greensboro area and a good many from UNCG.

Being in the Parks and Recreation department I am sure that many of your students are interested in working in an outdoor setting, perhaps for an internship or just a summer job. I would like to see how Camp Weaver can help these students out with either one of these. I will be happy to talk to you about our job opportunities for students or if you would like to let them know that I will be on campus over the next few weeks if they are interested.

Thanks,

In the Spirit of Camping,

JJ Woodruff
