

UNCG APHASIA SUPPORT GROUP NEWSLETTER

Volume III - Issue 3 - November 2011

LAST MEETING October 11, 2011

We strayed from our plan and ended up talking about coping with aphasia. We brainstormed about issues that our group members face and what the group would like to learn more about related to coping.

THIS MONTH'S MEETING November 8, 2011

Based on our discussion last month, we will have a presenter from UNCG's psychology department talk with the group about coping with changes in relationships due to aphasia. Meagan Tucker, a doctoral student who has a strong interest in marital and family therapy, will help us improve our connections with family and friends.

NEXT MONTH'S MEETING December 13, 2011

David and Charlotte will open their home to us for our holiday party! We'll get to see some exciting home renovations that they have tackled. Keep an eye out for more details about the party.

Communication Corner

What strategies do you use to stay connected with friends and family?
