Interior Architecture Minor

Required: minimum of 18 semester hours

A minor in *Interior Architecture* is available for majors outside the Department of Interior Architecture. The minor requires a total of 18 semester hours selected from the list below. Applicants are required to meet with an advisor within the department to identify appropriate courses to take. The plan of study for the minor can be designed to enable a concentration in sustainability, design thinking, design theory, entrepreneurship, and historic perspectives.

Students interested in an IARc minor must consult with an IARc advisor before declaring the minor. A cumulative GPA of C (2.0) or better must be achieved in the courses taken towards a minor.
