

Department of Mathematics & Statistics Award for Distinguished Service

Selection: All faculty and staff of the Department are eligible. Recipients shall be selected by the Department Awards Committee in consultation with the Department Head. It is anticipated that this award will be given on the occasion of special merit, rather than as an expected annual award.

Award: \$1000 *

Criteria: Eligible recipients are those whose performance has gone above and beyond the expectations of their position, resulting in a significant, positive impact on the overall goals and objectives of the Department. The committee will consider the following:

- Sustained excellence in overall job performance
- Outstanding service to students, staff, academic personnel, visitors, and university clientele
- Willingness to assist beyond normal expectations
- Dedication to the job and the university
- Consistent cooperation and helpfulness
- Initiative and/or creativity in performing assigned duties

*Funding source: Helen Barton Excellence Professor funds (if approved by the H. B. Excellence Professor) or the Department Enrichment Fund (obtained through Advancement).
