

SECOND ANNOUNCEMENT

26th ANNUAL SOUTHEASTERN ATLANTIC REGIONAL
CONFERENCE ON DIFFERENTIAL EQUATIONS (SEARCDE)

October 27-28, 2006

University of North Carolina at Greensboro
Greensboro, NC 27412

Plenary Speakers

Peter Bates, Michigan State University
Invariant Manifolds of Spikes

John Burns, Virginia Tech
Anatomy of the Differential Equation

Chris Cosner, University of Miami
Population Models with Conditional Dispersal

Kirsten Morris, University of Waterloo
Zero Dynamics of Infinite-Dimensional Systems

In addition to the principal speakers, there will also be sessions of twenty minute contributed talks. There will possibly be available funding from the National Science Foundation to provide travel support for advanced graduate students and recent Ph.D. recipients. Women and minority participants are especially encouraged to participate in this conference and to apply for support. Please go to the conference web site

<http://www.uncg.edu/mat/searcde>

to get instructions on registration, lodging, submission of abstracts, and application for support. Please pass this announcement along to all who might be interested in participating in the conference.
