

## **Trombone Auditions**

Prepare one or two pieces of your own choosing for the Large Ensemble audition. These may include portions of a solo or etude. Ideally, your prepared pieces should include passages of a lyrical or melodic nature and something else which is more technical in nature.

Be prepared to “announce” the title and composer of the solo or etude before you perform it.

You will also be asked to sight-read as a part of the audition.

Read all of the audition instructions posted on the web.
