

## Minor in Health Studies in the Department of Public Health Education

The minor in Health Studies is a nice compliment to many degrees offered at UNCG, especially any pre-professional degree (e.g., medical, physical therapy), allied-health/human service degree (e.g., social work, nutrition & wellness, fitness leadership). You can find the requirements for the minor in the UNCG Student Bulletin or through the Department's website at <http://www.uncg.edu/phe>. The successful completion of the minor is not printed on your diploma but is listed as part of your academic record. If you have any advising questions about course schedules or the requirements for the Health Studies minor you are encouraged to contact a faculty member in the Department. Call 336.334.5532 or email [Public\\_Health@uncg.edu](mailto:Public_Health@uncg.edu).

**Required credits:** minimum of 15 credit hours

**Required courses:**

1. HEA 201: multiple sections are generally offered each semester and some summers.
2. HEA 308: offered fall semester only.
3. HEA electives: nine additional credit hours of health courses. Make sure to review the course description and pre-requisites.

**GPA Requirements:**

1. Grade of C (2.0) or better in courses counted toward minor
2. At least 2.0 overall grade point average

**Other Requirements:**

1. Completion of at least 12 credit hours at UNCG and a minimum overall grade point average of 2.0 at time of registration for the minor
2. A minimum of 9 credit hours in the minor must be completed at UNCG

---
