

Detail and General Requirements

1. Program Evaluation and General Program Requirements

Program Evaluation Section

This section lists general information for the evaluation such as *Program, College, Degree, Major, Concentration*, etc.

Catalog Term is a key component.

This term reflects the requirements that were checked.

Evaluation Term is the term for which the evaluation was generated.

Request Number indicates the total number of evaluations generated according to previous requests.

Results as of indicates the date the evaluation was generated.

General Program Requirements Section

This section lists the overall degree requirements for the particular program.

Total Required indicates the overall number of hours required for the degree (e.g., 122 hours).

Required Institutional indicates the number of hours required for residency (e.g., 31 hours).

GPA requirements (Overall and Program)

Met (Yes or No) indicates whether the requirement has been fulfilled.

Credits section lists the requirement and the actual used information.

*Transfer** indicates the total number of transfer hours used.

*In Progress** indicates the number of hours in progress or registered for a future term.

**Transfer and in-progress hours are already included in "used" section of total required.*

3. Detail Area Requirements—an area is a building block of the program. Each major component of the program’s requirement should form an area (major, general education, upper level, etc.). Areas house the detail course requirements.

Gen Ed Core Category Req

Courses required under the General Education Core Category.

GEC Writing Intensive Requirements

Courses required for Writing Intensive.

GEC Speaking Intensive Requirements

Courses required for Speaking Intensive.

GEC Global Req & Nat Sci Lab

Courses required under the General Education Global Marker and the Natural Science Lab.

RELEASE: 7.1.0.1

5. Courses Not Used Elsewhere in the program—This final area allows CAPP to list all free elective courses that were not used to fulfill requirements. Please check this section carefully to determine if these courses should have been used in any of the requirement areas.

[If a program is in the CAPP construction stage and is not yet fully enabled in the CAPP system, courses required for the major or minor may appear in this area while the requirements are being enabled. Once the major or minor requirements are fully loaded and the CAPP construction stage is complete for the program, only free electives will appear in this section.]
