Domain Names

Todd Sutton has received approval for a structured domain request system. Right now if a dept wants a specific domain name, it is up to the UNCG webmaster to approve this. This request process will engage additional people in this decision process.

Ideas for WOC

- Web Services in Banner
 - Andrew Marker discussed some of the ideas they are looking at related to this topic. IT is aware these types of requests are going to continue to grow. IT is looking at what data can be shared and involved Web3 to see what information is needed.
 - Web3 needs to make a case for Web Services in Banner
 - Subcommittee: Bo, Todd, Jason, Richard
- Mobile Style Sheets
 - A target client needs to be decided before we can allocate resources
 - Subcommittee:
- Unit Website Requirements
 - There is a feeling that we need to update the UWSR
 - Subcommittee: Paige, Richard, Kevin

Training

Judy Guard will provide information to Kevin McClain regarding level 1 certification. The goal is to complete the transfer of training by January 2008.

Andrew requested that Web3 continue level 1 certification until Judy can finalize the transfer of duties.

Wrapper

IT is looking at the possibility of taking over the coding of the wrapper. At this stage, it is only a possibility.
