CREATIVE SCHOLARSHIP: JURIED EXHIBITIONS & FASHION SHOWS

I have had **15** creative designs exhibited at and/or accepted to national and international juried/invited exhibitions and fashion shows. Among them **5 unique designs were create and presented at the Tenure-Track Assistant Professor level since 2020.**

None of the designs below include student works that I served as a design mentor. Student works I have mentored and exhibited in juried design exhibitions are listed separately on the next section.

When evaluating juried design exhibitions, the acceptance rate is a critical factor to be considered as well as the reputation of the juror(s). If the acceptance rate is low, it means that the quality and reputation of the exhibition is high. The acceptance rate of the juried design exhibitions for my design works is between **37-72%**.
